Continuing *Education* Credits

P.A.C.E Credit is available for your organization's Continuing Education programs from ASCLS-IA

Continuing Education Credit approval is based upon the following P.A.C.E.®

Criteria for program content and can be either a Live Presentations or Self-Study Material and must be:

- a structured learning experience;
- have a topic which appears in the *ASCLS Body of Knowledge* or relates to clinical laboratory science;
- have written measurable learning objectives stated in terms of what the participant will be able to do at the conclusion of the

session; objectives are to correlate with the Level of Instruction

- have qualified faculty with background and experience necessary to teach the subject;
- to include a method of evaluation of the program **by** the participant;
- to have a set time schedule and be at least 50 minutes in length for the first instructional hour;
- for Self Study material, to include an evaluation or method of assessment to ensure that participants have achieved a specified level of performance

Live Presentations
Faculty/Instructor driven activities such as wet labs, lectures, and case studies,

Self-Study Materials
Self instructional material that an individual participant completes at one's convenience such as a CD-Rom, Audio/video cassettes, web-based or paper-based case studies.
